School in Melbourne, VICThe Knox School is an independent, co-educational, valued-based school catering for girls and boys from Early Learning to Year 12. We are a member of the Eastern Independent Schools of Melbourne (E.I.S.M.) Association. The students who come here are not only lucky to enjoy our excellent facilities and outstanding teachers, but while they are here they will develop great self-esteem, confidence and resilience. Our strong values underpin everything we do – Values of Achievement, Respect, Responsibility, Resilience, Care and Empathy. The students who graduate from us are remarkable young people who take these values into the world and make a difference. They may be doctors, lawyers and engineers but they could also be your local mechanic, plumber or teacher. Whatever path they choose, we know that, if they're a Knox student, they will be the best they can possibly be and we, and you, will be immensely proud of them. There are endless opportunities here for your child at any level; sport, music, performing arts, science, astronomy, robotics – the list goes on. We are only limited by our imagination. If students suggest an activity or excursion, we will do our best to accommodate. Past suggestions have been trips to Cairns to view a solar eclipse; playing basketball in New Zealand; abseiling in the Grampians and much more. We don't do the same things year in year out – we're adaptable and the students love it.
