Wedding planning in Melbourne, VIC One Wedding Wish exists to help couples discover their most perfect day through custom-designed wedding styling, flowers and our passion for the details. Since 2009, couples all across Melbourne have fallen in love with our way of weaving their personality, love story and inner style into a classy, romantic and beautifully finished wedding affair. We are a warm, fun and approachable team who love what we do. We listen and we observe. We get lost in your words so we can find the stories that breathe heart and meaning to your day. Every wedding you see on our website is authentically our work. No exceptions! Designed with love right here in our Melbourne studio, crafted by hand, meticulously placed, framed by hours upon hours of preparation behind the scenes. We forage for the best suppliers in Melbourne and have a soft spot for small businesses who share the same passion as we do for weddings. Our role is to ensure seamless cohesion through your wedding, from the bridal bouquets you carry, your reception centrepieces and tablescapes, the flowers and colors that communicate your desired mood, right down to the fonts used on your welcome signs, menus, and placecards. We encourage you to spend some time on our website and take in the images of our real weddings. Our style is evolving, sometimes elegant and contemporary, and other times romantic, rustic and warm. One Wedding Wish approaches weddings from both an aesthetics and practical perspective, combining not only visually beautiful decorative pieces, but we take the time to understand your entire day so that every moment is engaging, every space an experience, and every guest embraced in celebration. Underlying all our weddings, you'll always find our hallmark of freshness and attention to detail. Our bespoke styling service starts from \$3500 and includes one-on-one consultations, venue inspection, a custom-designed Style Plan, supplier integration and full coordination of the style vision. Our expert crew is there on the day to setup

and packdown so all you have to do is relish every moment of this once in a lifetime day!
