Gourmet in Melbourne, VIC ROYALCDS is a privately owned gourmet food company, supplying the food industry. Our head office is based in Brisbane, Australia and we have distribution facilities in Victoria and New South Wales. We market quality food products from around the world to meet the demands of Australian consumers. The company was founded in 1989 under the banner of Royal Foods and over the past twenty three years has grown to become a well-respected supplier of gourmet food to the food service and retail sectors in Queensland. In September 2012, we acquired CDS Gourmet Foods in a strategic move to expand our food service business into New South Wales and Victoria. Our new trading name of ROYALCDS reflects the joining of these two highly successful companies. Combining our expertise, product ranges and our strengths in different markets, will provide new product opportunities to help grow your business. We have two key divisions: Grocery Retail – customers include: IGA, Foodworks, Spar, gourmet delis, fruit barns and supermarkets, and Foodservice – customers include: 5 star hotels, corporate catering, clubs, coffee shops, and food manufacturers. 2009 saw the Royal Foods family proudly celebrating twenty years of trading and working towards achieving the company's vision and respecting our core values of trust, humility, stewardship, responsibility, freedom, mutuality and continual improvement.
