Professional services in Melbourne, VIC Specialist Coaches for your Hair or Beauty Salon. Lisa, Marie & Jay are Coaches who have owned and operated their own salons and combined have more than 50 years experience in the industry (eek!) They can show you and support you in making a real difference in your Salon as they have done in theirs. Lisa is a hair professional extraordinaire! Operating a profitable Hair & Beauty Salon or a Spa is a challenge – but it doesn't have to be as hard as we sometimes make it. There are some core business skills that most hair and beauty professionals were never taught, and which can make all the difference to your experience as a Salon Owner. Lisa learned these lessons the hard way – through trial and error – she worked out how to make things work. Now she shares her experience with other Hair & Beauty Salon owners to show them the things they don't know they don't know and help them to know, not to guess the reality of business-building. Four years into owning and running his Salon, Jay was coached in his business and the program he followed with his coach drove his Salon up to a level where he could effectively step away and have his staff run things while he pursues other life goals, like starting a family and furthering his career as a ZING Salon Coach.
