Child Care & Day Care in Sydney, NSW The Australian Children's Education and Care Quality Authority (ACECQA) oversees the implementation of the National Quality Framework (NQF) and works with the state and territory regulatory authorities to implement and administer the NQF. ACECQA is committed to the importance of quality education and care to children's wellbeing and future success. Our vision is to ensure children have the best possible start in life – wherever they live in Australia. We provide national leadership on the implementation of the NQF and collaborate with the Australian and state and territory governments to: implement changes that benefit children birth to 13 years-of-age and their families, monitor and promote the consistent application of the Education and Care Services National Law across all states and territories, and support the early childhood education and care sector to improve quality outcomes for children. We encourage continuous improvement and are committed to undertaking research to ensure governments, the sector and the wider community are informed by the latest developments in education and care. ACECQA is an independent national authority, based in Sydney. It is guided by a governing Board whose members are nominated by each state and territory and the Commonwealth.
