Fax: (07) 3268 4213

Pest Control in Hendra, QLDThe Australian Environmental Pest Managers Association (AEPMA) represents professional pest managers across Australia, sets standards for the pest management industry, and provides information to consumers on urban pest control. We also administer PestCert, your guarantee that a pest management company meets the highest possible accreditation standards. Whether you're in need of a professional pest manager, are looking for advice, or are considering becoming an AEPMA member we would love to hear from you. The Australian Environmental Pest Managers Association (AEPMA) was established in 1988 after the need for a truly national association was perceived by the various state organisations throughout Australia. AEPMA has a strong membership base with many of our member companies having pioneered professional pest management in Australia. The diversity and strength of our membership enable AEPMA to be truly representative of the professional pest management industry. AEPMA has an excellent working relationship and a strong affiliation with appropriate regulatory authorities throughout Australia is a member of the Federation of Asian and Oceania Pest Managers Associations (FAOPMA) and has close links and reciprocal arrangements with similar pest management associations in many other countries.
