Pest Control in Melbourne, VIC We are Melbourne's No. 1 choice for ALL types of domestic and commercial pest control! With over 20 years professional pest experience, PestAway is proudly Melbourne's premier choice for pest control. We provide safe, fast and effective pest control in both domestic and commercial environments. Our highly trained Pest Control Technicians are skilled to identify and eradicate all pests. We are industry leaders in competitive pricing, deliver dependable customer satisfaction and fully guarantee our services. Rest assured, PestAway is certified and accredited with all Industry Peak Bodies and follow environmentally safe pest management practices and methods. The Department of Health has released a brochure to assist you to ask the right questions of your service provider. PestAway offers an annual Pest Protection Plan for homeowners who live in high risk areas for pest invasion. The plan is a low cost solution for all year round pest protection and was introduced to financially assist many homeowners to resolve domestic pest issues. The great thing about it is that all pest control services are included under the one umbrella and we guarantee that we have you covered! The plan includes a comprehensive risk assessment report of your home and garden. The report is carried by one of our highly qualified and licensed pest technicians. Recommendations are made to minimise pest invasion. Three annual pest inspections are scheduled at your convenience and any treatment services are covered under the package.
