Pest Control in Cairns, QLD The Cairns pest control specialists are Pestaway Pest Management. We understand that the health and wellbeing of your family is important. That's why we provide your family with the protection it needs from tropical pests. As pest management experts, not only can we locate and identify your pests, but we can help to eradicate them as well. Pestaway is a locally owned and operated family business that has been established in the Cairns region for more than 25 years. We pride ourselves on ensuring that our team is highly experienced in all aspects of Cairns pest control. We can assist with treatment for cockroaches, ants, rats/vermin, ticks, midges, termites, green ants, bedbugs and more. Application is carried out by our qualified inspectors to possible breeding and harbouring areas, using a combination of residual insecticides (dry powder, gel applicator, liquid spray and bait insecticide). Pestaway will ensure that a protective control barrier is in place using products that are safe for you, your family and pets. Pestaway uses the latest products and technologies, our qualified technicians are provided with ongoing training to ensure they are equipped with the most up to date information to tackle tropical pests. Cairns termite inspections by Pestaway Pest Management are thorough, reliable and delivered to you in the form of a comprehensive written report, including photos and detailed property notes, 24 hours after the inspection has been completed. Our Cairns termite inspections are perfect for pre-sale or pre-purchase. For property owners, they should be conducted annually, to keep your property safe from damage. They are completed in accordance with Australian Standard 3660 and will exceed your expectations.
