Rubbish & Waste Removal in Moreland, VIC Speedie Waste has been handling Melbourne's waste problems for over 50 years now, servicing both industrial and domestic customers. We are a quality endorsed company that maintains very high standards, which transcend into high-quality service offerings. We provide industrial waste services to a broad range of clients from varying industries including restaurants, shopping centers, schools & universities, markets, manufacturing plants and government agencies. We also provide a wide variety of waste management solutions including small wheelie bins, front lift steel bins and hook lift bins. Speedie Waste provides skip waste disposal services to the wider Melbourne community. No other company compares to our punctuality and competitive pricing and as a result, our trucks and skips are a familiar sight in the suburban streets we service. Let us help you with your residential waste disposal needs. Australia has one of the highest rates of paper recycling in the world and is the world leader in newsprint recycling. Speedie Waste Pty Ltd is proud to be part of this success and strives to encourage others to follow our example. Speedie Waste handles the removal, treatment and ultimate disposal of industrial, commercial and domestic waste streams. Speedie Waste seeks to ultimately protect and, where possible, enhance Australia's natural environment, as well as conserve its natural resources in an environmentally friendly manner. Speedie Waste has a continuous commitment to complying with Federal and State environmental laws, and other legislation and requirements at all times, preventing harmful emissions into the environment...
