Flying School in Bankstown, NSW Basair is the largest flying college in Australia. We have graduated students that now fly in over 50 airlines around the world! Read about the career progress of some of these pilots on our Alumni Updates page. We operate a fleet of around 80 aircraft, which is the third largest commercial fleet in Australia, behind only QANTAS and Virgin Blue. We have 60 high quality instructors, dedicated to training students to an excellent standard. Since Basair was founded in 1991, over 4,500 customers have chosen to fly with Basair. We cater for a wide range of customers, from those that want a simple joy flight over Sydney Harbour -- to students studying for Commercial Pilot Licences, multi-engine endorsements, instrument flying and instructor ratings. All of our flight training is provided to a very high quality. We have an excellent, structured competency based curriculum - which means students typically achieve a commercial pilot licence in 42 weeks. We teach both the theory and the practical aspects of flying. If you want to become a recreational pilot or kick start your career then Basair Aviation College is the place for you. Basair is the largest flying college in Australia with over 70 aircraft across three campuses. We have graduated students that now fly in over 40 airlines around the world. Basair's courses are designed in-house by aviation professionals with many years of experience training Commercial Pilots.
