Aquarium in Shark Bay, WA Explore the wonders of the Shark Bay Marine Park with a marine scientist by your side on a fun, highly educational tour that will leave you breathless. Watch the raw fury of sharks feeding; discover endangered sea turtles, highly venomous sea snakes, excruciating stonefish and more! Learn about the secret lives of clownfish, stingrays, and visit our rescued sea turtles with your entertaining tour guide who can cater for the whole family. Tours run continuously every day, so no matter what time you arrive between 9am and 3.30pm, join in the next guided tour and experience all Ocean Park has to offer. It will take approximately 45min – 1 hour to complete the tour. We are also pleased to offer Marine Research and Marine/Natural History special interest tours upon request. Shark feedings occur as part of every guided tour around Ocean Park. Perched above our open water Shark Lagoon, you'll find our secure observation decks are the ideal place to witness the awesome power of the majestic tiger, nurse and whaler sharks in all their natural fury. From the comfort of secure walkways, you can witness the awesome power of the majestic tiger shark as they utilise their basic instincts to deliver an experience that will leave you breathless.
