Bank in Melbourne, VICWe're NAB. For more than 150 years, we've been helping our customers with their money. Today, we have more than 35,000 people serving 10 million customers at more than 800 locations in Australia, New Zealand and around the world. We have built our business on understanding our customers and supporting them. We aim to take the hard work out of banking.As Australia's largest business bank, we work with small, medium and large businesses to help them start, run and grow. We fund some of the most important infrastructure in our communities – including schools, hospitals and roads. And we do it in a way that's responsible, inclusive and innovative. More than money; We know that to be Australia and New Zealand's most respected bank, we need to be more than good with money. We need to be just as good with people, too.We recognise that a bank has a special responsibility. Our business is founded on a commitment to create more of what matters for people, communities and the economy – a belief that motivates our people to do the right thing, show passion for customers, demonstrate a will to win, be bold and show respect for people. Our responsibility is an integral part of our strategy and our approach to corporate responsibility.
