

BROWNS English Language School

102 Adelaide Street
Brisbane, QLD 4000
Australia

Phone: (+61 7) 3221 7871

School in Brisbane, QLD Since 2003, more than 10,000 students from over 50 different countries have completed a BROWNS English Language program. With four stunning campuses - located in Brisbane and on the Gold Coast - we offer you the opportunity to enjoy a superior English learning experience. We are BROWNS - The Education Family! What Do We Do? Transform Lives and Connect Minds through our Passion for Education and Innovation. A truly diverse student body - in background, nationality, interests and ambitions - is the foundation of the BROWNS experience. Indeed, these differences are critical to the BROWNS learning model, which thrives on the many perspectives and life experiences our students from all over the world bring to their English classes. Every member of the BROWNS Family - teachers, trainers, students and friends - deserves the opportunity to enrich their Australian experience and contribute towards a better tomorrow. The BROWNS Elevate Initiative embraces learning with purpose. In the classroom, the principles of Content and Language Integrated Learning bring pressing social issues to life; students develop empathy, intuitiveness and social consciousness alongside their language skills. Outside the classroom, the initiative harnesses these learnings with monthly student involvement in local non-profit and charitable organisations. One by one, the participation of BROWNS students creates profound change for a range of issues and organisations supported by the BROWNS Elevate Initiative.
