School in Toowong, QLD We want our students to know God's word; take it to the world. How we make that happen? By offering high-quality, Bible-centred theological training in a diverse and supportive community, shaping the whole person for God's purposes. Aiming for more than simply growing students' knowledge of theology, we're developing passionate, capable disciples who use what they know about God's word to serve him in the church and the world. We think it's important because we believe the amazing truth that God so loved the world that he sent Jesus, his only Son, to live as one of us and die for all of us. That love changed the course of history and is still transforming lives today, and there's no more important message for our world. So we're equipping our students to know as much of the Bible – and its divine author – as possible, and to be confident and eager to share with others the truth they've discovered. Together we're putting Jesus' command to "go and make disciples of all nations" into action. Christians of different cultures, ages and denominations make up the BST community and have done for the last 70 years, and we love how this diversity shapes and sharpens us. Yet we share a common commitment to Jesus as our Lord and Saviour and to the truth of the Bible, and we have a common goal of serving and glorifying God, so we're united in our diversity.
