

Music Masters Music School

Brisbane, QLD 4000
Australia

Phone: 07 3357 9646

Music School in Brisbane, QLD Music Masters is a Brisbane based music school developed by Christine Masters. It provides music classes for babies, toddlers, pre-prep and school aged children. It also offers individual Instrumental lessons for children and adults with many sitting AMEB examinations each year. Research has now proven that 80% of the brain develops by the age of three. This confirms that there is a long term benefit for the child who is introduced to music at a young age. Early Childhood Classes introduce babies and toddlers to the musical fundamentals of beat, rhythm, listening skills and singing skills. The Music Masters Early Childhood Program gives children a positive experience of music in an enjoyable and developmentally appropriate way. Children actively experience beat and rhythm every lesson whilst gently being encouraged to develop their listening and singing skills. It is a natural progression to continue a child's musical development by beginning individual instrumental lessons. At Music Masters children and adults receive individual tuition on a variety of instruments. Children learn to play the piano, have singing lessons or learn to play the guitar. Others have individual violin, cello or clarinet lessons that complement what they are learning within their school music program.
