University in Brisbane, QLD The remarkable people who better our world, the remarkable experiences that transform people and communities, and the remarkable contributions that change the future forever. We know success often comes from being an exception to the norm—challenging convention, adapting and innovating, creating bold new trends and pioneering solutions ahead of their time. At Griffith, remarkable is the norm. Since we started teaching over 40 years ago, we've been deeply connected to the Asian region, socially conscious and environmentally aware, an integral part of the community and heavily industry focused. We've also become a comprehensive, research-intensive university, ranking in the top 3% of universities worldwide. Our teaching and research spans five campuses in South East Queensland and all disciplines, while our network of more than 200,000 graduates extends around the world. We recognise and respect our First Peoples—Aboriginal and Torres Strait Islander people—and provide a culturally sensitive environment that promotes reconciliation, education and engagement. Our success depends not only on strong partnerships with government and industry, but on donations from individuals, community groups and philanthropic organisations. Donations of \$2 or more are tax-deductible and will go towards the area of your choice.
