Concrete & cement in Adelaide, SA We pride ourselves on quality work for everything from a new mailbox to a front fence. CastStone will give 100% satisfaction and a quality finish. CastStone is the premier manufacturer of Pre-cast Concrete products in Australia, and we plan to keep it that way by delivering the highest quality results to every one of our clients. Our Adelaide-based family owned company manufactures a huge range of fence pillars, gate pillars, letterboxes, columns, pier caps, wall capping, coping stones, pyramids, pedestals, balls, & plinths. Established in 1986, CastStone has been building fences for over 25 years and is recommended by architects and builders. CastStone offers a range of services to complement their products. From the initial discussion, to choosing the pillar/column design & planning, council approval, delivery & installation. Our pillars are pre-cast sandstone & can be used with tubular, slat, brush or solid fence panels. OUR Pillars & Columns are available in traditional to contemporary styles. Other products manufactured are letterboxes, pyramids, pedestals, copings, cappings, memorial stones, balustrades plus other architectural trims. Our Sandstone Mailboxes can be Traditional or Contemporary measuring approximately 1 m high; as for finishes, they can be left natural sandstone, or can be painted to match your house's color. CastStone can supply and/or install CastStone pillars including pillars fitted with a letterbox, intercom provisions & address plates.
