Concrete & Cement in Bunbury, WA MJB Industries can manufacture precast concrete products fitted to your specifications, making every project you might have a project with perfect finishes and great durability. We were established in 2006 as an Australian Private Company, and since then MJB Industries Pty Ltd has built a reputation as a supplier of choice for many civil companies and contractors throughout the state of Western Australia. Our employees are trained to operate each machine we own and taught to troubleshoot any problems. Our boiler makers and welders are utilized for alterations and maintenance on both our precast moulding and our pipe making machines. We manufacture a comprehensive range of civil engineering precast products including: manhole access covers, sump covers for road drainage and stormwater, septic systems & leach drain products, soakwells, cattle troughs, parking bay wheelstops, road barriers, concrete encased i/o bends, cast iron products in concrete surrounds, headwalls. MJB industries can manufacture precast concrete products to your specifications. Just ask and our qualified and expert team will strive to make every idea you have come true with polished results and a quick turnaround at reasonable prices. We offer a consultation and quote for free!
