Ceramic manufacturer in Perth, WA European Ceramics prides itself on being one of Perth's largest importers of ceramic tiles from all over the world. Our commitment is ongoing and consistent, requiring enthusiasm, experience and the ability to collaborate from our expert team. Young, vibrant, hands-on owners with local and international market knowledge ensures European Ceramics will take your next project beyond your expectations. The sleek and stylish store stands testament to the fact that simplicity and sophistication often go hand in hand. Our designing services extend from conceptual design, consultancy and advice through our in-house consultants to award winning interior designers. We specialize in ceramic suited for pool construction, as the use of ceramic tiles for pools ensures low maintenance because the characteristics of our glaze ensures resistance to soiling and staining. These features guarantee optimum conditions of hygiene at all times. As well as stocking a large selection of swimming pool mosaics and ceramic tiles, European Ceramics also stocks stunning water features which are all on display in our showroom. Ceramic Tiles: With a little innovation, ceramic tiles can magically adapt so easily to every style and taste, creating any type of appearance, to match any mood. Today, the term "Ceramic Tile" covers a large variety of products distinguished by their primary composition, method of production, structural and physical characteristics, mechanical strength, surface finish, dimensions and color, and here at European Ceramics, we strive to have available

to our customers one of the widest selection available in order for the to make their choice based on their needs and not on our assortment.
