Ceramic Manufacturers in Perth, WA In Select Solutions we only do tiling, but we do it well! Our team's aim is to personalize each of our projects and work closely with clients to clearly understand their needs and always endeavor to deliver and reward with a beautiful new space that is both functional, stylish and a valuable addition to your home. Our designer showroom displays the latest in tile trends from our Tile Boutique Agency, bathroom vanities, fixtures and fittings, kitchen designs and finishes. We are also the WA agents for Smartpack Creative kitchen cabinetry and storage solutions. We invite you to browse our broad range of products and be inspired by the exciting new products & styles the industry has to offer and speak with one of our designers to help you bring all your ideas together. Select Solutions provides renovation services for bathroom, kitchen, laundry and alfresco areas. Visit our online portfolios to see some examples of our high standard of workmanship. We only use experienced and registered tradespeople for our renovations and are ready to make your dream home a reality, adding value to your property and giving you the 5 star experience you crave on holidays, every day in your own home. As the sole distributor of smart pack in WA we offer top end flat pack cabinetry & storage designs that are custom built and flat pack delivered to us & can be fully assembled and installed by us or you can DIY. With our kitchen designs you work closely with our team as we design your dream kitchen. The smart pack product

provides a very high quality finished kitchen at a fraction of the cost while still allowing you to select doors and more for your new kitchen.
