Physiotherapy in Barmera, SA We have three Physiotherapy Clinics – one based in Barmera, Renmark and Waikerie. Our trained Physiotherapists provide a wide range of treatment options to help you with your problem. These may include superficial dry needling, manual therapy/joint mobilisations, electrotherapy (eg. ultrasound) and exercise prescriptions to help correct any imbalances related to your problem. Each treatment is optimised to treat each patient individually, providing you the best service possible. We treat patients who have been injured at work or in a motor vehicle accident, and Department of Veteran Affairs (DVA) patients who have a claim number/referral from their doctor. Private patients do not require a Doctor's referral to receive physiotherapy treatment. If you have Private Health Insurance, you can swipe your card on the day of treatment and only pay the gap fee. We also service some Public Physiotherapy and Aged Care Homes in the Riverland area and provide Manual Handling Training on request. Some of the conditions we treat include (but are not limited to): Sporting injuries, Back and neck pain, Arthritis, Post-Operative Rehabilitation. (eg. Joint Replacement or Surgery), Dizziness/Vertigo, Headaches and even Sinusitis/Hay fever
