Halls Construction in Perth provide residential and commercial brick repair services from Mandurah to Two Rocks. Our team can fix almost any brick wall or structure, including windows and lintels. Our safe and modern techniques allow for fast repairs and affordable prices. We specialise in repairs to home car garages typically caused by vehicles. However, we also regularly repair brick and limestone walls that are damaged by tree roots. In most cases we can also match your new bricks closely to your existing bricks. With our network of brick suppliers around Perth we have the ability to match almost any brick. As a fully qualified and insured provider of brick repairs and repointing, you can rest assured that you are dealing with an honest and ethical company. Call us today on 0406 811 186 to speak with Kevin and schedule a free quote.
