Aged Care Accommodation in Gawler, SA At ACSAG we are committed to providing the best local aged care, with a global focus. ACSAG is one of Australia's leading providers of age care with more than 30 residences across Australia. We continually strive to improve our aged care services, and our vision has developed through years of experience and by studying best practice throughout the world. We have 39 quality facilities expanding across Australia, in Melbourne, Regional Victoria, NSW, Tasmania & South Australia. All facilities have qualified, friendly and reliable staff dedicated to providing excellence in care services to our clients and residents. We show our commitment to our residents by offering tailored care programs to their needs, we can offer respite care, dementia specific care, ageing in place and more in our residences. Trevu House, a 68-bed facility, could be your next home. We will do our very best to make you smile at least once a day. Accommodation offered is single rooms with an ensuite bathroom. There are a number of lounge areas available for watching television, listening to music, companionship or getting involved with some of the programmed activities. An area can be made available for a private function on request. All meals are prepared by our very experienced catering staff on site. Special occasions such as birthdays are recognised and celebrated. Activities include bingo, sing-alongs, board games, art and craft, reading and visits from a range of entertainers to name a few. A broadband internet kiosk is also available for residents to use. Residents are welcome to bring personal items and belongings that will enable them to feel more at home eg photographs, pictures, and ornaments etc. Different relaxation techniques, such as relaxation

music and massages are offered to create the sense of calm and well-being.
