Bicycle Shop in Lismore NSW JUST RIDE Cycles offers the best price and experience for all your cycling needs. They stock only quality brands (if they don't ride it, they won't sell it) and can repair your bicycle at a price which is friendly to your wallet. The JUST RIDE staff are experienced cyclists, having participated in triathlons, mountain bike events, mass participation rides, and half marathons as well as being accredited cycling coaches. JUST RIDE began as a way to give the owners time to ride their own bikes, and grew to bring people great values as well as a wide variety of bikes and accessories. In addition to bike sales, the store has a professional mechanic available every day. They can fix all bikes, from speedy roadies to mountain bikes, BMX, and kids bikes. Call for an obligation-free quote to get your bicycle back on the road. Browse the available bikes on their web site or visit their store to see them in person. Brands include Apollo, Fuji, GT, Kona, and Mirraco. Accessories, shoes, gear, and parts are also available for sale. Just Ride Cycles offer weekly social rides—every Wednesday there is a ladies social ride, as well as an early ride Wednesday and Saturday mornings.
