Computer Retailer in Maitland NSW Computer crashing? Hunter ICT can help! Hunter Valley-based computer business, Hunter ICT, specialises in computer support, sales, and repairs. They offer help for all of your home or small-business computer needs with both onsite and in-store repairs, as well as over the phone and remote support. Hunter ICT (ICT stands for Information and Communication Technology) offers a variety of repairs for both your home and your office to quickly get your computer up and running. Repairs start as low as \$38.50, at your place or theirs. They also offer onsite pickup and delivery! Hunter ICT services laptops, home PCs, servers, office workstations, and Apple Macs. Common repairs include: virus and spyware removal, home and office networking (including wireless), backups, data recovery, insurance reports, service, maintenance, and general troubleshooting. Domain registration and web hosting is also available in a DIY Domain and Hosting Store, a streamlined service with cheaper domain registration costs and generous hosting packages. Hunter ICT is an Australian reseller for Avast Antivirus Internet Security, Malwarebytes, and Scooter's Beyond Compare. And you can bring your old computer to Hunter ICT for free recycling.
