Holiday Resort in Goolwa, SA Here at Narnu Farm we aim to be the leading family-friendly, interactive holiday destination in South Australia providing farm style accommodation and a memorable and fascinating experience, exceeding kids and parents expectations and attracting them back again over a lifetime. Our accommodations offer a fun experience for all of the family, providing a unique opportunity for kids to enjoy some good old-fashioned fun without the need for modern technology and in a rural setting. Kids get outside in the fresh air interacting with animals, building and playing in cubby houses, engaging their imaginations and connecting to the natural world. We are also committed to the environment ensuring future generations have a bright and happy future. We are a Climate Action Certified Business dedicated to making a difference. We have installed solar panels in our cottages, as well as in our bunkhouse, several large capacity water tanks and we also plant between 200-500 trees per year. Narnu Farm is located on picturesque Hindmarsh Island overlooking the Murray River just minutes from the riverside town of Goolwa on the south coast of South Australia.

~~From the Adelaide CBD it takes about one hour and fifteen minutes.~~
