Pub & Bar in Naracoorte, SA Knights Snack Bar is located in the very epicentre of the CBD with a crossflow of passing trade from all points of the compass. In more than one way the business is in the heart of town: family owned and with ample experience in the business, our snack bar has been fulfilling our city's need for over 20 years, always with the same spirit. We enjoy giving the best food to our customers, and they only keep coming back for more. Although there is a focus on takeaway food, many of our customers choose to dine in and enjoy the atmosphere created by the successive owners and staff over the many years. The Snack Bar is noted for quality, value and the particular specialty of the house, fish and chips, which is virtually swimming out the door. Arguably Knights carries the largest range of freshly made and convenience foods available in the Naracoorte Town Centre. A fringe benefit of the business is the old fashioned goodwill of the customers who value the convenience and friendliness that the business is recognised for, they just keep coming back for more! Come visit us and you will see why we have been in the business for so long.
