School in Whyalla, SA Whyalla High School is a middle school catering for years 8, 9 and 10 students, the majority of whom are from English-speaking families within the Whyalla city precincts and from a variety of socio-economic backgrounds. The core values endorsed by the whole school community of respect, inclusion, relationships and learning achievement underpin the working relationships between all people connected with our school. Our school mission is to provide an engaging, stimulating, success-oriented learning environment where all students feel safe, are happy and are supported and challenged to achieve to the best of their ability. High-quality teaching and middle schooling pedagogy ensure all students are supported to achieve aspirational, individual learning targets within a culture that supports the mental health and wellbeing of each child. Current priorities include: improving teacher quality and learning outcomes, improving student wellbeing for learning and creating high-quality conditions for learning. We work in alliance with two other public schools in Whyalla (Edward John Eyre High School and Whyalla Stuart High School) to ensure rich curriculum choice and successful pathways for all young people. We are a partner in the Eyre and Western Region Trade Training Centre

providing certificate-level courses in hospitality and kitchen operations within a commercial kitchen environment
