Caravan Park in Northam, WA Our Caravan and Cabin Park offers beautiful green landscapes and clean, comfortable cabins for every one of our guests, and with its center location, we strive to be the best spot to start your trip or vacation around Northam. We are a family-friendly place, where you can find solace and relax after a day out and about around WA. Here in Northam, we have worked hard in developing a very warm and friendly community not only for people, but for your beloved pets as well - not something many caravan parks offer! The caravan park has been undergoing a major upgrade for some 2 years now with modern cabins, lavish gardens and plenty of local wildlife for you to watch and enjoy. Ask in reception about our wildlife book, available to guests so they can read it and recognize native wildlife they can actually see around the park. Come stroll through the very large atrium and meet the local birdlife. Being pet-friendly we welcome tourist caravaners with pets. We have comfortable and clean, furnished cabins available for our guests (previous reservation needed), and linen is inclusive in all cabins. We also don't alter our prices for high and low season, so you can be sure you are getting the best prices all year round!
