Australia

Phone: (08) 9721 4368

Physiotherapy in Bunbury, WA Bunbury Physiotherapy Centre has been providing physiotherapy services to Bunbury and the South West for over 30 years. At Bunbury Physiotherapy Centre we provide excellence in physiotherapy management of musculoskeletal problems. Our approach combines accurate diagnosis with the highest level of skill in manual 'hands-on' therapy and complete rehabilitation programs. Our physiotherapists are all post graduate trained with many years of experience. We apply the latest research to both our 'hands-on' management and complete rehabilitation programs. We treat the cause and not just the symptoms. We take the time to listen and provide a friendly, professional and caring experience. Facilities: The practice has just received a full renovation throughout and boasts large comfortable private consulting rooms with a fully equipped gymnasium and pilates studio. We also have numerous onsite parking spaces. Bunbury Physiotherapy Centre is led by very experienced clinicians who all have post-graduate qualifications and training in Musculoskeletal Physiotherapy and Exercise Physiology. We offer regular in-house professional development and mentoring and provide support for external professional development.
