Phone: (02) 6247 3601
Fax: (02) 6262 8695

Mechanic in Canberra ACTCWC Auto Services offers fast, friendly, and professional service for a wide range of vehicles. They can repair many mechanical and auto electrical problems and are happy to inspect and diagnose any problems with your vehicle. CWC Auto Services specialises in Ford, Toyota, Holden, and Subaru vehicles. CWC aims to keep customer service and satisfaction as their top priority, which they do with high-quality software that tracks every customer and their cars. They can tell you when your last battery was fitted, the price, and the total kilometres you've travelled since the fitting. The workshop at CWC Auto Services provides quality services, repairs and advice for many valued customers and now their children and even grandchildren. They are in it for the long drive. CWC has employed 25 technicians through to successful completion of their trade studies, including three very qualified women. Make an appointment to bring your car in via the online form at their web site or by phoning them!
