Mufflers & Exhaust Systems in Slacks Creek QLD Right Price Exhausts is located in Moss Street directly opposite Autobarn Logan City the motoring hub of Logan City. Right Price Exhausts is a true market leader in exhaust system technology. They concentrate on motor vehicle exhausts and have stayed loyal to the belief that exhaust systems are a specialised industry. They sell and service all types of exhaust system requirements for a variety of vehicles, including standard replacements and all forms of headers and sports systems.

Right Price Exhausts also has a large range of catalytic converters to cater for most cars in need of this service. Whilst they have 8 fitting bays they also sell their products over the counter for those who want to do it themselves.

The showroom and workshop are kept to the highest standards and they take pride in every job that leaves the store no matter how big or small. The friendly staff is well trained and truly professional.

Right Price Exhausts is extremely price sensitive, and clients come in not only from Brisbane and Logan City but also from the Gold Coast and Ipswich and the surrounding areas. If you're in the market for an exhaust system, contact Right Price Exhausts!
