Nightclub in Perth, WA While it caters largely to the gay & lesbian market, it also has a far wider, far ranging appeal. Why? Because at its heart Connections is playful, carefree, wild and a little bit crazy. It is a place known for its dirty electro disco house, its larger than life personality embodied in the forms of many resident drag queens & club kids, and its devil may care attitude. It consists of two spaces - a main dance area inside & a rooftop terrace. Inside has full-length mirrors, gorgeous travertine marble and still one of the most amazing lighting rigs you will witness ANYWHERE in Perth. Out on The Terrace & the vibe is akin to an open air New York rooftop party, especially when you witness the breath-taking, million dollar view of Perth. Connections is a venue that offers itself as an alternative to the general nightclub hotspots in Perth. Nestled in the heart of Northbridge since 1975, "The Club" prides itself on being Perth's premiere gay and lesbian nightspot and for providing the most upfront music, played by the best DJs in town, having the friendliest atmosphere and service, plus the wildest theme nights and entertainment. Connections offers something for everyone. You can dance all night in the main room to the latest and future sounds, enjoy the city views and fresh air on the terrace or kick back with your friends, sipping the tastiest cocktails to the smoothest soundtrack in the lounge. The dress code is left up to your imagination. Nobody will refuse you entry based on what you're wearing - unless you're wearing an unattractive attitude - so if you want to wear a tutu, you wear a tutu! One thing's for sure, after one night at Connections, you'll be begging for more!
