Drama School in Rockingham, WA Come along and enjoy live theater! Comedy plays and an occasional variety show. Top quality entertainment, great seating, air-conditioned building. Come have a laugh and join the fun. The group "Rockingham Entertainers" was formed in 1972, operating out of the Rockingham High School Gym where they performed 4 musicals per year. The aim of the group was to raise money for local charities. We usually stage four productions a year under the guidance of several different directors and actively encourage new members to participate in the theater. Our aim now is to continue into the future promoting live theater and performing arts in Rockingham. To improve the facilities and to continue to be a community-based organization. McLarty Hall was our home for many years producing musicals, comedies and variety shows mostly under the direction of Eileen Frith. Over the years Rockingham Entertainers have won many awards for their productions whilst also donating our proceeds to local charity groups, just maintaining enough funds to operate as a non-profit group. By the mid 90's the group had grown in number and we needed to either modify the hall or purchase it from the council. It was getting more and more difficult to secure booking the hall for rehearsals and shows, so plans were initiated for the building of our own theatre, which was completed in 2000. We have continued to grow from

there and now have wonderful raked theatre seating and are constantly working towards improving our theatre.
