

# Rockingham Regional Memorial Park

---

Baldivis Road  
Rockingham, WA 6967  
Australia

Phone: 1300 793 109

Cemetery in Rockingham, WA To serve the existing and rapidly growing population of the southwest corridor, Rockingham Regional Memorial Park on Baldivis Road, Baldivis - 42 kilometers south of Perth city - was opened in 2007. A section of the site has been allocated to the Muslim community for burials. For lawn burials, people should enter through the Baldivis Road gates. Mourners attending burials in the denominational burial areas should enter the cemetery through the Millar Road gates. The Metropolitan Cemeteries Board is committed to maintaining its cemeteries and memorial gardens to a high standard. Following an extensive community consultation exercise, a revised policy was developed in 2011. We thank our visitors for observing the conditions described in the policy. Whilst artificial tributes do have an environmental impact and the placement of fresh tributes is preferred, the Board recognizes that many families prefer artificial tributes and, as such, their placement is respected as being an integral part of the grieving process. When placing new tributes, we would ask that plastic wrapping is removed and withered/weathered tributes are placed within one of the rubbish bins located throughout the cemeteries. The Flower and Ornament Policy can be downloaded [here](#), or please contact Client Services on 1300 793 109 if you prefer to have a copy mailed to you.
