Tiling in Rockingham, WA Our goal is to exceed client expectations. Over 15 years servicing Rockingham and surrounding Perth Southern Suburbs. Forever changing trends and endless design possibilities, each project is as different and unique as the person who created it. What doesn't change is our commitment to deliver high-quality workmanship regardless of the project scale. Our experience enables us to cater for Commercial, Private Sectors as well as Residential. We are not just a tiling service. We can take all the stress, hassle and running around out of your project by sourcing, supplying and installing your materials from tap wear to window furnishings. We offer free no-obligation quotations that are tailored specifically to you and your project. All costs for labor, equipment and materials are outlined, nothing is hidden or left off. Rest assured, we are fully insured and our work is compliant with Australian Standards. At Ardent Tiling, It all starts with you.

Renovating old homes, building from new or just changing 1 or 2 things around can be harder than first thought. Most of the time before it even gets to the stage of being able to start, ideas of what it's going to look like are already there. Our job is to turn it into your reality. If you're not quite sure on what to do, our design consultant can help.
