Medical Centre in Burnie, TAS The City Medical Practice is located on the corner of Marine Terrace and Cattley Street in the heart of Burnie, on the sunny north-west coast of Tasmania. The practice was formed in 1990. Over the years, City Medical Practice has become one of the largest and most respected practices in Tasmania. At City Medical Practice we are committed to being on the forefront of medical technology while maintaining the caring aspect of medical practice. We are located over two sites. Its main practice is located in the Burnie CBD and a branch practice is located in Upper Burnie - a small but busy shopping district five minutes from the CBD. We are committed to being on the forefront of medical technology while maintaining the caring aspect of medical practice. Services: Allergy tests, Audiometry, Blood sugar levels, Diving medicals, Heart traces, Pre-employment medicals, Lung function tests, Travel medical advice, Vaccinations, Middle ear pressure tests, Sclerotherapy, Driving medicals. City Medical Practice takes pride in being a teaching practice and working with the other institutes. Placements in our practice include: University of Tasmania rural clinic school students, University of Tasmania registered nursing students, Tasmanian Polytechnic enrolled nursing students, We offer vaccinations, immunisations and travel health advice for overseas travellers.
