Investing Company in Sydney NSW Colonial First State has been helping Australians with their investment, superannuation and retirement needs since 1988. CFS is a proud leader in our field with over \$A113 billion funds under management at December 2015 across an award-winning range of wealth management solutions. They are committed to developing a culture of expert and passionate people. Successful teams create success for our customers, their shareholders and their community. CFS' passion for high performance, service and innovation has made them one of the most consistently awarded fund managers in the country.
