Restaurant in Mount Isa, QLD Pizza Capers was founded in 1996 in the belief that there was a need to develop something different; great tasting, value-for-money, take-away pizzas made using only the highest quality ingredients! At Pizza Capers we pride ourselves on making quality food with fresh ingredients that not only exemplify flavour sensations, but also provide a gourmet experience. By being one of the first players in the pizza market to produce take-away gourmet pizzas, in stark contrast to others, we deliver convenience without compromise and with this in mind, we opened the very first Pizza Capers store in Brisbane, Queensland. Since those beginnings, today, we still hold true to our foundations. Our product is our passion. Nowhere in the industry will you find a menu as thoughtfully developed. Our ingredients are rigorously monitored and taste tested. As a result of our huge passion for all things pizza, we've created a menu that simply cannot be matched by our competitors in quality, taste and variety. Our entire menu includes gourmet pizzas, pastas, salads, sides, breads and desserts offers something to tempt the taste buds of each and every member of the family. All the ingredients on the Pizza Capers menu are individually sourced to ensure they are the absolute highest quality, regardless of geographical barriers. Our dough is made on site using fresh yeast, our aioli is made using fresh eggs, we roast our own vine ripened tomatoes - we could go on and on. Some might call this extravagant; we call it absolutely necessary, which helps us ensure our customers enjoy the most delicious meal possible on every single visit.
