Restaurant in Adelaide, SA In Adelaide's best location, Red Ochre Grill will take you to the core of southern Australia through your palate. Our restaurant is in a floating pavilion from which you can revel in a peaceful view while enjoying your meal. A mere 10 minutes away from any hotel in the city, and only a 10 min walk along the Rivers Torrent from the Adelaide Festival Centre, its prime location make it a great spot for a especial rendez-vous. This is a restaurant made to enjoy true Australian food and produce. Our menu takes the best local produce and transforms it into amazing food with a variety of flavors. Kangaroo, emu, crocodile and a wide array of seafood are taken into our daily menus as well as loaves of our freshly made bread directly from our ovens and locally produced extra virgin olive oil. Our wines are also a strong point in our food philosophy. Around three quarters of our exclusive wine list is comprised of Australian wines, most of them directly from southern Australia. We also have at your disposal an important selection of more classic "old world wines" if you are in that mood. We aim to have a wide variety of wines available for our customers, with a price range from modest to completely indulgent, so that everyone visiting our restaurant can have a taste. We also have an extensive by-the-glass selection for our customers to try new wineries, varieties or unexpected combinations, as well as for international visitors to taste a range of South Australian wines in the same place.
