Fax: 07 4046 8699

Doctors in Cairns, QLD Central Plaza Doctors Cairns is a state of the art bulk billing general medical center open extended hours 7 days per week. Central Plaza Doctors is located on the ground floor of Cairns Central Plaza directly opposite Cairns Central Shopping Centre. Dial us for immediate medical attention or if you need a doctor. We are open 8am-6pm Monday to Friday and 9 am to 5 pm Saturday and Sunday. After hours we recommend patients contact House Call Doctor. We understand it can be really hard for families when either yourself or a loved one is unwell, especially children. It's important to be able to see a doctor straight away. Most of our doctors and staff have children and have to juggle the same problems our patients do with school, childcare and work. It can be really challenging. We recognize this need for families to access care when they need it and have decided to take walk-in patients at any time without an appointment. We also understand a common concern patients may have is the ability to communicate with and understand the doctors from which they are seeking help. We agree that strong verbal and non-verbal communication skills are a key professional standard for all doctors. Our doctors have strong communication skills having worked in diverse Australian communities for many years. Healthcare should be affordable and accessible for all patients regardless of their background.
