

Clown Balloons - Custom Printed Balloons Australia

Unit 2/6 Montore Road
Minto, NSW 2566
Australia

Phone: 1800 225 666

Clown Balloons has been serving Australia only with the highest quality products and results for over 25 years. During that time, Clown Balloons has gained a solid reputation for quality of service, customer support and dependability. We are especially mindful of our clients' promotional objectives and put special effort into ensuring that their printed balloons look fantastic, show their benefits and add value to each promotion. Clown Balloons ensures a professional, clear imprint; unlike a stamped image which distorts when inflated. Highly competitive pricing; prove it by getting a quote right now! Our minimum order is just 100 pieces. And we will be just as diligent with your 100-piece order as with your 1,000,000 piece order. We design and manufacture our own latex balloon printing machines; that makes us the only printer in Australia capable of printing 4 colours on 2 sides of the balloon! All your printed balloons requirements and expectations will be met and exceeded by us. We have an in-house engineer always coming up with new and innovative ways of moving our quality further and a very well rounded team who puts pride in their work. We print on premium latex balloons and use the highest quality latex inks. Delivery comes with prompt on-time turnaround. We'll deliver on your schedule. We'll bring you the latest and greatest on the effective use of promotional balloons, updates on the latest technologies and creative executions that take balloon concepts to new heights.
