

Learn To Drive Driving School

56 Greygums Road
Cranebrook, NSW 2749
Australia

Phone: 0408 545 917

At the Learn To Drive Driving School we provide structured professional driving lessons. All students receive a student record card which shows what topics they will be tested on. Your driving instructor will tailor the training program to your individual needs to ensure you get the most out of each and every driving lesson. All RMS test centres have different road conditions and several test tracks. For example Penrith has eight test tracks and dual lane roundabouts. Whereas Springwood and Richmond do not have any dual lane roundabouts. There are many examples like this in the Penrith, Richmond, Blacktown and Springwood test areas. As each test centre has something that makes it different to the other test centres (Richmond has a level Railway crossing), it is very important that you prepare for your test with a driving school that specialises in your local test area. It is not possible for a driving instructor to know every single test track at every single test centre. Because we specialise in Penrith, Richmond and Springwood test centres we know the different test tracks in detail.
