

Solgen Energy Group

Level 1, 33 Herbert Street
St Leonards, NSW 2065
Australia

Phone: 1300 660 704

We love solar energy. So do the millions of Australians who consider renewables a necessity, have recently discovered energy efficiency and are now benefiting from solar power systems for their business. We are one of Australia's leading independent suppliers of quality solar energy and power cost saving technology and we are here to help you.

Leveraging Solgen Energy's leading presence and reputation in the clean energy industry and Mark Group's 40 years of expertise, we are Solgen Energy Group. This unique combination of knowledge and credentials strengthens our capability to shape a new, participatory era in clean energy.

At Solgen Energy, we are committed to excellence in everything we do, including ensuring we provide a high quality service to our clients, ensure the safety of our workers and protecting the assets of our clients while minimizing the impact of our activities on the environment.

Solgen Energy Group is accredited to International Standards for OHS, Quality Assurance and Environment. The procurement of each system is controlled by an integrated design, inventory and warehouse enterprise resource management system.
