

Silk Laser Clinics

80 King William Road
Hyde Park, SA 5034
Australia

Phone: (08) 8272 7828

At SILK, we are passionate about using the latest innovations in the industry to bring our clients effective and affordable laser and skin rejuvenation results, in a comfortable and friendly environment.

In 2009, the first SILK Laser Clinic opened in Hyde Park, after its four South Australian Directors identified a need in the Adelaide market for affordable medical grade laser treatments in a comfortable and convenient environment.

Now with six convenient clinic locations and a reputation for providing the highest quality service and treatments, SILK Laser Clinics remains a South Australian owned business and continues to deliver on its original vision.
