We do AMAZING coffee with beans specially roasted to your liking from Axil Coffee Roasters (Winner 2013 'Best Coffee' in The Age Good Food Guide). Our baristas are professionally trained (by Axil Coffee Roasters) & with their silky milk, precisely ground weight & timed to perfection extraction, we aim to give you the coffee of your dreams! We also support 'Suspended Coffee' & are the 1st cafe in Bendigo, as well as the 100th cafe in Australia, to be a part of such a rewarding 'pay-it-forward' concept. We do breakfast all day, every day & have some of the finest local produce, combined with the most passionate chefs in Bendigo to plate up an experience you won't forget. We do lunch all day, every day with more local produce, homemade spreads, specially crafted, locally made baguettes, pumpkin seeded or cornbread buns & fresh, vibrant salads. Waffle on with one of our famous homemade waffles. We have every topping you can think of - fresh fruit, white & milk chocolate, maple syrup, ice cream + more! We love our locals & know that not everyone is the same, so we do a combination of Gluten Free, Vegetarian & Vegan dishes that are as good as any dish on our menu. Our brews & wine includes a selection that comes from local breweries & vineyards. We make our own fresh juices and smoothies & have some signature blends that you'll love. We sample everything and are very proud to stock the local drinks we have selected! Through summer we present a share plate menu & combined with our local brews & wines we put on LIVE music every Friday!
