Café in Bendigo, VIC Located in the very heart of the Arts precinct, on the edge of Rosalind Park, the Gallery Cafe is Bendigo's best kept secret. Let us cater for any of your function/event needs, or simply pop in to enjoy our beautiful space and creative cafe menu. Remember what you are, where you are, what you are trying to achieve, who you're trying to cater for, and when you're trying to do so. Credit your roots and tip a cap to acknowledge beverages (past or present) that are important to you, and as tempting as it is. Don't stray from the original mission and make it too complicated. Sounds easy huh. Yeah right! Beverage preference is as personal as one's taste in anything else. Everyone has their favorites and their preferences: food, clothes, music, literature etc. We hope you will find our offerings generous and balanced; there is something here for everyone. We have created a concise list that ticks all these boxes. Everything listed in print is for a reason, some are trivial, some are captivating, some are sweet and beautiful, and some just plain fun. We look forward to sharing stories. From baby showers to business network meetings, weddings to birthday celebrations, we'd love to meet with you to arrange a function you'll love.
