Café in Bowen, QLD “Le Sorelle” means “The Sisters” in Italian. We are three local girls and sisters with big dreams for our small hometown. We originally began with a small boutique florist and fudge store; Floral Finesse. This business venture was a success and we wanted to expand into something even bigger and better. Le Sorelle Coffee House and Florist was the vision. A boutique coffee house and florist, creatively designed by Alexandra Sinclair. We chose a blank canvas; a run-down building complete with burnt out walls, fried electricals and resident rats! And with a family full of carpenters we began the gruelling 4 month renovation project. We did the unbelievable and transformed this building into a sophisticated community-based hub, with the design and décor to take the venue from beautiful Bowen to downtown Melbourne. At Le Sorelle Coffee House we are dedicated to providing you with the ultimate coffee house experience. We boast incredible old-fashioned customer service, fresh food made in-house, gourmet fudge and the best coffee in the Whitsundays. We are a must stop tourist destination! We offer a divine all-day breakfast, a delicious lunch menu and desserts to satisfy any sweet tooth. Our coffee is incredibly smooth and addictive and our cold drinks are perfect for our all year round summer weather! We also have our famous 'Waffle Wednesday's', a monthly event with an ever changing decadent monthly special. We also offer free wifi to our customers. We are excited to be such an integral part of our local community and hope that with your continued support we can continuously grow

and expand our dream business!
