Pub in Geelong, VIC It's 4pm on a Tuesday. You've just finished your lecture / meeting / operation / dance class and you're hangry. You know - so hungry you're angry. Think - the GH. Did you think we'd have staff that have been to lectures / meetings / operations / dance classes to perfectly match whatever you choose to eat with a beer or wine from our extensive beverage list? Did you even conceive that it might be a menu that encompasses everything you love about all your favourite pubs - that one with the kick-ass parma, that other one with the ribs (and that sticky sauce) and even that cool one with that awesome lamb shoulder pizza you shared with that group of Italian backpackers before you even knew what a lamb shoulder looked like? Come eat with us, you will enjoy it! Drinks - we love drinks. We've got a cracking range of beers, including a fine selection of tap beer, craft beer both local and international and a few sneaky surprises to keep your interest up. This is joined by a short but sharp cocktail list and a wine list with a little something for everyone. We've even managed to combine three of our favourite things - beer taps, wine and the King Valley - by putting some amazing King Valley wines on tap. Live music Friday night. Haven't had enough? Live music Saturday night. Dancing feet got something left? Our live and local artists are

---

playing every weekend, HOWEVER, not that sort of music you can't sing along to, and certainly not that loud that you can't catch up with your mates. Not rocket science, and not Jessie's Girl. Keep up to date with who's playing on our facebook page. We'd love to see you on the dancefloor.
