Pet care in Lake Macquarie, NSW At Pet Buddy we believe going on holiday for your pet should be just as fun as it is for the rest of the family! That's why we offer loving care in a home environment. Pets adapt best to being away from their family if the care and routine is similar to what they experience at home. So what better could you offer your best friend than a home away from home with their very own pet buddy to hang out with? Why not have someone visit your home to feed your pet whilst you're away? Pet Buddy and family are here 24/7 to ensure that your pet is always having a great time! If your pet is used to lots of attention at home they'll usually adapt better to your absence if they have a buddy, or two to keep them company. Every pet that stays with us gets regular attention throughout the day and a play or cuddle session. Michelle has over 10 yrs experience caring for other's pets, is currently completing a Certificate IV in Companion Animal Care (Dog Training & Behaviour), is an active member of the Newcastle All Breeds Dog Training Club where she currently trains her dog Trapper in both Agility and Obedience. She keeps and rides two horses, she has a beautiful ragdoll cat from the RSPCA, breeds call ducks and collects rare breed chooks. Michelle has a genuine passion for our

furry friends. Your best friend will become part of the family so you can rest assured that they will receive as much love and care as they do at home with an experienced pet carer.
